

Mercedes Benz Retrofit

SL Class (W230)

Original Mercedes **Telephone** system.

Installed package includes all parts to integrate your mobile phone into existing controls and displays of your car. Your address book can be viewed on the dashboard display in front of you. Scrolling of the address book can be achieved with the steering wheel controls, as well as starting and ending your call and adjusting the volume of speech. Keypad dialling can be achieved from the Comand system which will also displays all phone information including text messages. The handset cradle stores neatly into the upper level of your centre armrest. Your mobile phone will be stored in here (phone not included). Compatible phones include:

Siemens S45, S45i, C45, M50, MT50, ME45
Sony Ericsson K700i K750i
Sony Ericsson T610, T630
